Location: Buea, South-West Region, Cameroon

Career Objective

An ambitious and driven individual passionate about learning and improving in software engineering. My goal is to leverage technical expertise in designing, developing, and deploying innovative software solutions while growing into advanced roles within the field. I am particularly interested in AI, user-centric design, and full-stack development. I am highly motivated, enthusiastic, and always eager to learn and improve. I am also very much in love with visual design, user interface design, graphic design, and video editing

Education

- **University of Buea**

- Bachelor of Engineering in Software Engineering
- Faculty of Engineering and Technology (F.E.T)
- Enrolled: 2021 – Present (Final Year)

- **All Saints Bilingual College**

- A-Level: 2019 – 2021
 - O-Level: 2014 – 2019
-

Professional Experience

- **Software Engineering Intern**

- **Iconz Company**

- August 2024 – January 2025 (Ongoing)
- Responsibilities:
 - Designed and implemented user-friendly interfaces for web and mobile applications.
 - Debugged and tested applications to enhance functionality and performance.
 - Collaborated with team members to develop scalable software solutions.

- Documented workflows and contributed to team discussions to improve processes.
 - Technologies used: Java, Firebase, Figma.
 - Video Editor and Videographer (2022 – Present)
 - Providing video editing and videography services for church activities.
 - Self-employed Graphic Designer and Digital Artist (2021-present)
 - Created custom designs for clients, including branding and artwork.
 - Participant - Hustler Design Graphic Design Competition (2024)
 - Engaged in competitive graphic design challenges and showcased creativity.
-

Technical Skills

- Programming Languages: Java, C, HTML, CSS, Javascript
 - Frameworks & Libraries: React, Javaswings
 - Tools: Git, Figma, Firebase, Photoshop, Premiere Pro, CapCut, Movavi Suite
 - Concepts: Agile Methodologies, Design Thinking, Data Analysis
 - Operating Systems: Linux, Windows, Mac
-

Certifications

- **Enterprise Design Thinking - Team Essentials for AI** (IBM) – Issued May 2024
 - Skills: Artificial Intelligence (AI), Problem Solving, Critical Thinking, Design Thinking
- **Enterprise Design Thinking Co-Creator** (IBM) – Issued May 2024
 - Skills: Design, Empathy, Experience Design, Product Management, Facilitation
- **Enterprise Design Thinking Practitioner** (IBM) – Issued May 2024
 - Skills: User Experience (UX), User-Centered Design, Ideation, User Research
- **Product Analytics Certification** (Pendo.io) – Issued May 2024
 - Skills: Data Analysis
- **Product Management Basics Certification** (Pendo.io) – Issued May 2024
 - Skills: Product Management, Product Lifecycle Management, Data Analysis
- **Product-led Certification** (Pendo.io) – Issued May 2024

- Skills: Data Analysis
-

Projects

- **Individual Projects**

- Developed a task management app as part of university coursework using tools/technologies.
- Created a portfolio website to showcase design skills and projects using React.js.
- Basic Calculator Android App
 - Developed an Android calculator app supporting BODMAS operations.
 - Utilized Java for app logic and UI design.

- **Team Projects (Internship)**

- Was a part of the UI/UX team whose aim was to create responsive design to solve problems
- Part of the mobile app development team whose aim was to design applications following the design thinking process.
- Part of the graphic design team whose role was to design flyers and posters as well as put them up.
- Collaborated on developing a document Finder Application where:
 - Users can report their lost documents using images.
 - Users can report documents they found using images.
 - Users can contact those who have found their lost documents via WhatsApp.
- Contributed as part of the UI/UX design team whose goal was to create designs that solve problems using minimalist, simplistic and visually appealing design.
- Technologies used: Firebase, Java, git, figma

Languages

- English: Proficient (Written and Spoken)
 - French: Intermediate (Basic Communication)
-

Community Involvement

- GDG Buea community member.
-
